

# Schaefer Brands

These were located at the Museum of Northwest Colorado in Craig when I went there to visit in July 2012. See [http://en.wikipedia.org/wiki/Livestock\\_branding](http://en.wikipedia.org/wiki/Livestock_branding) and other sites for “calling” the brand. Note: I don't know what the column with the double-circles is – all the brands in the books seem to have that.
